

Arena Regulations

for the SAP Garden

The Arena Regulations pursue the goal of maintaining safety and order in the SAP Garden (hereinafter referred to as the "**Arena**"), preventing hazards to persons and property, ensuring the trouble-free running of events and protecting the facilities of the SAP Garden from damage and contamination.

By entering the territorial area of application of the Arena Regulations, the users / visitors acknowledge the validity of these Arena Regulations. Contractual partners must inform their employees as well as other persons, who they provide access to, of these Arena regulations.

1. Scope

- 1.1 Unless expressly stated otherwise, these Arena Regulations in their current version apply to the entire Arena. Access routes in the outdoor area of the SAP Garden as well as outdoor, open and parking areas (together with the Arena referred to as the "Grounds") are not part of the event venue, but part of the Olympic Park Munich. Nevertheless, the rules of conduct set out in these Arena Regulations must also be observed there and non-observance can lead to a ban on access to the Arena. The Arena Regulations apply on all event days as well as on all other days for all users and their employees as well as the other users / visitors of the Arena.
- 1.2 These Arena Regulations apply also to the offices and ancillary rooms as well as the hospitality areas.
- 1.3 The Arena Regulations also apply to hybrid and digital event formats to the extent relevant.
- 1.4 The operating and opening hours of the Arena are determined by the RBSM and announced at the Arena or on the website.

2. Domiciliary rights, recordings of / by visitors

- 2.1 Red Bull Stadion München GmbH (hereinafter referred to as "**RBSM**") exercises domiciliary rights in the Arena. During the events, the domiciliary rights are exercised by RBSM, the organizer and the commissioned security services. Their instructions for the enforcement of the domiciliary right must be followed.
- 2.2 Violations of the provisions of the Arena Regulations can lead to immediate expulsion from the facility, in serious cases to a temporary or permanent ban on entering the Arena or entering the Grounds up to criminal consequences.
- 2.3 For safety reasons and other legitimate interests comprehensive video surveillance is carried out in the Arena. More information can be found in the current data privacy information.
- 2.4 The users/visitors of the Arena irrevocably agree that RBSM is entitled, without payment of remuneration, to create image and sound recordings of the users/visitors or to have them made by third parties, and to use, reproduce, broadcast, use in any audiovisual media or have this carried out by third parties. § 23 paragraph 2 of the Art Copyright Act (KunstUrhG) remains unaffected by this. If recordings are made in hybrid or digital event formats, visitors/users are

only entitled to participate in the event if they have consented to the recording vis-à-vis the organizer.

- 2.5 Secret recordings of events are prohibited in all event formats.

3. Access to the event or stay in the event venue

- 3.1 Access to and stay in the Arena at events is only granted upon presentation of a valid admission ticket or accreditation valid for the day of the event and the respective event as such. Every user/visitor must carry his/her admission ticket with him during his stay in the Arena and show it at the request of the RBSM, the organizer or the security service and, if necessary, hand it over for inspection. The accreditations must be worn in a clearly visible manner at all times. Users/visitors who are found in the event venue without a valid admission ticket or accreditation can be expelled from the venue immediately without further justification. Further information on the validity of tickets is regulated by the general terms and conditions of the organizer or the advance booking offices.
- 3.2 The admission ticket loses its validity when leaving the venue, unless the user/visitor has been issued with a corresponding "re-entry card" or comparable for re-entry into the event venue, which entitles the user to re-enter in conjunction with the original admission ticket, or the user/visitor is in the demarcated smoking area.
- 3.3 Children generally need an admission ticket. Children and adolescents under the age of 14 are only allowed access to the event venue if accompanied by a parent or guardian (in accordance with the Youth Protection Act - *Jugendschutzgesetz*). Other regulations to the contrary may result from the notice of conditions issued by the district administration department ("*Kreisverwaltungsreferat*") for the respective event or can be found in the general terms and conditions of the respective organisers; these then have precedence. Furthermore, mandatory requirements for the protection of minors must be observed in any case.
- 3.4 In addition to events, access to the Arena or stay in the venue is permitted until further notice during opening hours in the publicly accessible areas, as well as for visitors as part of the public ice skating and for club members as part of their training activities.
- 3.5 By entering the area of application, every visitor/user agrees to any person, vehicle, container and bag checks. Persons who refuse to be checked by persons, vehicles, containers or bags may be refused access to the Arena.
- 3.6 The security service may search persons – also through the use of technical aids – to determine whether they pose a security risk due to alcohol or drug consumption or because they are carrying prohibited items in accordance with Section 6. The security service is also entitled to demand the presentation of identification documents if there are indications that prohibited items within the meaning of Section 6 are being carried or that a local or nationwide stadium / house ban has been imposed on the person concerned.
- 3.7 Users/visitors will be denied access to the venue or will be expelled from the venue without a refund of the ticket value if they
- a) refuse to consent to control measures,

- b) do not follow the orders of the security service to enforce the domiciliary rights,
- c) are visibly under the influence of alcohol or drugs,
- d) are recognizably prone to violence or are prepared to incite acts of violence,

- i) where official requirements or other security reasons prevent access or remaining.

- 4.2 In the event of eviction or evacuation, each user/visitor is obliged to immediately comply with the instructions of the staff and the authorities. In this case, the users/visitors are also required to assist other guests in need of assistance. Visitors in wheelchairs are only allowed to use spaces designated for wheelchairs in the Arena. Other places are not available for safety reasons. The security service is entitled to assign an appropriate seat to the visitor carrying an assisting device.
- 4.5 All technical equipment such as fire alarms, hydrants, electrical distribution and control panels, telephone distributors, heating and ventilation systems must remain freely accessible and unobstructed.
